Notes to the condensed interim financial statements

For the three months ended March 31, 2015

Unaudited - expressed in Canadian dollars

1. NATURE OF OPERATIONS

Abacus Mining & Exploration Corporation (the “Company” or “Abacus”) incorporated under the *Company Act* (British Columbia), is an exploration stage company engaged principally in the acquisition, exploration and development of mineral properties in Canada. The address of the Company’s office is Suite 615 – 800 West Pender Street, Vancouver, British Columbia, Canada, V6C 2V6.

On June 28, 2010, KGHM Ajax Mining Inc. (“KGHM Ajax”) was incorporated. KGHM Ajax is currently focused in the exploration and development of the Ajax copper-gold project located near Kamloops, British Columbia (the “Ajax Project”).

On June 29, 2010, pursuant to an investment agreement dated May 4, 2010 between Abacus and KGHM Polska Miedz S.A. (“KGHM”), Abacus transferred all of its mineral interests in the Ajax Project, with a fair value of \$37,429,581 (US\$35,549,020), to KGHM Ajax in exchange for 4,900 common shares of KGHM Ajax.

On October 12, 2010, Abacus, KGHM, and KGHM Ajax, entered into the Definitive Joint Venture Shareholders’ Agreement (“Joint Venture Agreement”). Pursuant to the Joint Venture Agreement, KGHM subscribed for 5,100 common shares of KGHM Ajax which represents a 51% interest for \$37,392,200 (US\$37,000,000); these funds were used by KGHM Ajax to fund exploration and evaluation activities during 2010 and 2011 required to produce the bankable feasibility study (“BFS”). Under the terms of the Joint Venture Agreement, KGHM had the option to acquire an additional 29% interest in KGHM Ajax (for a total interest of 80%) for a maximum of US\$35,000,000 based on an aggregate value of \$0.025 per pound for 29% of the proven and probable copper equivalent reserves as defined in the BFS. On January 6, 2012, Abacus filed on SEDAR the completed BFS with respect to the Ajax Project.

On April 2, 2012, KGHM exercised its option to acquire an additional 29% of KGHM Ajax, thereby increasing its ownership in KGHM Ajax to 80% (Note 6).

Until September 1, 2012, Abacus was the operator of the Ajax Project and KGHM Ajax reimbursed Abacus for the expenses incurred as the operator of the Ajax Project. On August 17, 2012, KGHM notified Abacus that it was exercising its option to appoint KGHM International Ltd., a wholly-owned subsidiary of KGHM, as the operator of the Ajax Project effective September 1, 2012.

2. BASIS OF PREPARATION and SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES, AND ASSUMPTIONS

(a) Basis of preparation

These condensed interim financial statements have been prepared on a historical cost basis except for derivative financial instruments and financial instruments at fair value, if any held, that have been measured at fair value. The financial statements are presented in Canadian dollars, except where otherwise noted.

These condensed interim financial statements have been prepared in accordance with International Financial Reporting Standards (“IFRS”) as issued by the International Accounting Standards Board (“IASB”) applicable to the preparation of interim financial statements, including IAS 34, Interim Financial Reporting.

Interim financial statements do not include all the information required for full annual financial statements. The condensed interim financial statements should be read in conjunction with the Company’s annual financial statements for the year ended December 31, 2014. These condensed interim financial statements of Abacus were reviewed by the Audit Committee, and the Board of Directors approved and authorized them for issuance on May 26, 2015.

(b) Significant accounting judgments, estimates, and assumptions

The preparation of condensed interim financial statements requires management to make judgments, estimates, and assumptions that affect the application of policies and reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the condensed interim financial statements, and the reported amounts of revenues and expenses during the reporting period. While management believes that the judgments and estimates made are reasonable, actual results could differ from those estimates and could impact future results of comprehensive income and cash flows. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and further periods if the review affects both current and future periods.

3. SIGNIFICANT ACCOUNTING POLICIES

Other than the adoption of new accounting policies as described below, the same accounting policies have been used in the preparation of these condensed interim financial statements as those used in the most recent audited annual financial statements and reflect all the adjustments necessary for the fair presentation in accordance with IFRS of the result of the interim periods presented:

(a) Accounting standards adopted

The adoption of the following new IFRS pronouncements, effective January 1, 2015, did not have an effect on the Company's financial statements:

- IFRS 7 "Financial Instruments: Disclosures" (amendments) is effective for annual periods beginning on or after January 1, 2015.
- IAS 36 "*Impairment of Assets*" is effective for annual periods beginning on or after July 1, 2014.

(b) New accounting standards not yet adopted

- IFRS 9 "*Financial Instruments: Classification and Measurement*" is effective for the annual period beginning on January 1, 2018.
- IFRS 11 "*Joint Arrangements*" is effective for the annual period beginning on January 1, 2017.
- IAS 27 "*Separate Financial Statements*" is effective for the annual period beginning on January 1, 2017.

The Company is currently evaluating the impact of any new and amended standards on its financial statements. The impact is not expected to have a material impact on the statements of financial position or results of operations.
