

## **Abacus completes tranche 1 of its non-brokered private placement**

**Vancouver, BC – March 10, 2022.** Abacus Mining & Exploration Corporation (“**Abacus**” or the “**Company**”) (TSXV: AME) is pleased to announce the closing of the first tranche of its non-brokered private placement of units (the “**Private Placement**”), as announced on February 23, 2022, February 28, 2022 and March 2, 2022.

Pursuant to the first tranche of the Private Placement, the Company raised total gross proceed of \$700,000, and issued 11,666,667 units (“**Units**”) at a price of \$0.06 per Unit. Each Unit consists of one common share of the Company (a “**Share**”) and one-half of one common share purchase warrant (a “**Warrant**”), with each full Warrant exercisable to purchase one Share at a price of \$0.10 per Share until March 10, 2024. The Company also paid a total of \$11,088 in cash commissions and issued a total of 92,400 Warrants to certain arm’s length finders in connection with the Private Placement.

All securities issued in connection with the Private Placement are subject to a statutory four month hold period expiring July 11, 2022, and the Private Placement is subject to final acceptance by the TSX Venture Exchange (the “**TSXV**”).

The Private Placement was offered to existing shareholders of Abacus who were permitted to subscribe pursuant to British Columbia Instrument 45-534 – *Exemption from Prospectus Requirements for Certain Trades to Existing Security Holders*, as well as under other available prospectus exemptions.

Proceeds from the Private Placement will be applied towards the Company’s exploration programs and well as for general working capital.

The Company holds options and leases on the Willow and adjacent Nev-Lorraine copper-molybdenum properties near Yerington, Nevada, and a 20% interest carried to production in the advanced Ajax copper-gold development project in B.C. Investors are referred to the Company website for the latest news and project descriptions.

## **About Abacus**

Abacus is a mineral exploration and mine development company currently focused on copper and gold in B.C. and Nevada. The Company’s main asset is a 20% ownership interest, together with KGHM Polska Miedź S.A. (80%), in the proposed copper-gold Ajax Mine located southwest of Kamloops, B.C., which has undergone a joint provincial and federal environmental assessment process. On December 14, 2017, a decision was made by the B.C. Minister of Environment and Climate Change Strategy and the Minister of Energy, Mines and Petroleum Resources to decline to issue an environmental assessment certificate for the Project. KGHM have recently reopened an office in Kamloops, B.C. to facilitate First Nation, community and governmental engagement in order to advance the project towards a potential resubmission of the environmental application.

Abacus also holds an option on the Willow copper-gold property located near Yerington, Nevada in which it can acquire up to a 75% ownership interest, and the contiguous Nev-Lorraine claims subject to a ten-year lease agreement.
