Abacus Announces Extension to Financing

Vancouver, BC – September 16, 2024. Abacus Mining & Exploration Corporation (“**Abacus**” or the “**Company**”) (TSXV: AME) is pleased to announce that further to its news releases dated July 23, 2024 and August 20, 2024, it is extending the closing date of its non-brokered private placement (“**Offering**”) to October 16, 2024. The Offering is for total gross proceeds of up to \$400,000 through the issuance of up to 20,000,000 units (“**Units**”) at a price of \$0.02 per Unit.

Each Unit consists of one common share of the Company and one half of one non-transferable common share purchase warrant, with each warrant exercisable to purchase one common share of the Company at a price of \$0.05 per common share for a period of 3 years from the date of closing of the Offering. Proceeds from the Offering will be applied towards exploration and for general working capital, and payment of US\$80,000 in respect of a property payment to the owners of the Nev-Lorraine property. In connection with the Offering, certain finders may receive a cash fee and/or non-transferable finder warrants.

The Offering is being conducted pursuant to available prospectus exemptions, including the exemption to existing shareholders of Abacus who are permitted to subscribe pursuant to British Columbia Instrument 45-534 – Exemption from Prospectus Requirement for Certain Trades to Existing Security Holders. If total subscriptions received for the Offering exceed the maximum Offering amount of \$400,000, Units will be allocated pro rata among all subscribers qualifying under all available exemptions, unless the Company otherwise increases the maximum Offering amount.

The Company closed a first tranche of the Offering on August 20, 2024, pursuant to which it issued 14,215,000 Units for gross proceeds of \$284,300. Completion of the second tranche of the Offering remains subject to acceptance by the TSX Venture Exchange (“**TSXV**”), and all securities issued and issuable will be subject to a four (4) month and one day hold period from the date of closing.

In accordance with the policies of the TSXV, the Company is relying on a minimum price exception in order to issue securities at less than \$0.05 per listed security. As such, the aggregate number of common shares issued by the Company at less than \$0.05 in this offering and in the next 12-month period may not exceed 100% of the number of common shares which were issued and outstanding prior to the offering.

The Company recently acquired the Willow copper-molybdenum property and it holds a lease on the adjacent Nev-Lorraine copper-molybdenum property near Yerington, Nevada, and a 20% interest carried to production in the advanced Ajax copper-gold development project in B.C. Investors are referred to the Company website for the latest news and project descriptions.

About Abacus

Abacus is a mineral exploration and mine development company currently focused on copper and gold in B.C. and Nevada. The Company’s main asset is a 20% ownership interest, together with KGHM Polska Miedź S.A. (80%), in the proposed copper-gold Ajax Mine located southwest of Kamloops, B.C., which has undergone a joint provincial and federal environmental assessment process. On December 14, 2017, a decision was made by the B.C. Minister of Environment and

Climate Change Strategy and the Minister of Energy, Mines and Petroleum Resources to decline to issue an environmental assessment certificate for the Project. KGHM have recently reopened an office in Kamloops, B.C. to facilitate First Nation, community and governmental engagement in order to advance the project towards a potential resubmission of the environmental application.

Abacus also owns a 100% interest in the Willow copper-gold property located near Yerington, Nevada, and it controls the contiguous Nev-Lorraine claims subject to a ten-year lease agreement.

Forward-Looking Information

This release includes certain statements that are deemed "forward-looking statements". All statements in this release, other than statements of historical facts, that address events or developments that Abacus expects to occur, are forward-looking statements. Forward-looking statements are statements that are not historical facts and are generally, but not always, identified by the words "expects", "plans", "anticipates", "believes", "intends", "estimates", "projects", "potential" and similar expressions, or that events or conditions "will", "would", "may", "could" or "should" occur. Although the Company believes the expectations expressed in such forward-looking statements are based on reasonable assumptions, such statements are not guarantees of future performance and actual results may differ materially from those in the forward-looking statements. Factors that could cause the actual results to differ materially from those in forward-looking statements include changes to commodity prices, mine and metallurgical recovery, operating and capital costs, foreign exchange rates, ability to obtain required permits on a timely basis, exploitation and exploration successes, continued availability of capital and financing, and general economic, market or business conditions. Investors are cautioned that any such statements are not guarantees of future performance and actual results or developments may differ materially from those projected in the forward-looking statements. Forward-looking statements are based on the beliefs, estimates and opinions of the Company's management on the date the statements are made. Except as required by applicable securities laws, the Company undertakes no obligation to update these forward-looking statements in the event that management's beliefs, estimates or opinions, or other factors, should change.
